WHY HILLVIEW

Hillview is in the heart of the Upper Hunter Valley, Scone, NSW, with easy access off the New England Highway, just minutes from key equine services such as Scone Equine Hospital and leading thoroughbred stud farms. Hillview offers spacious paddocks with improved pasture, leading equine nutrition, the safest Duncan Equine Stallion Rail fencing, access to world leading vets, farriers, physiotherapists, chiropractors, dentists, and so much more. There really is no better place to send your horse for meticulous care where your horse – whether it be a performance horse, racehorse, broodmare, weanling, yearling or speller – will thrive in a relaxed environment.

THE HILLVIEW EXPERIENCE

Individual tailored care for every horse

Excellence begins with understanding the unique requirements of each horse and the goals of each owner.

At Hillview we focus on:

- Customised nutrition: individualised hand-mixed feeds tailored to each horse's dietary needs working in conjunction with qualified equine nutritionists and vets. We pride ourselves on improving the condition of every horse, having them gleaming from the inside out all year round.
- Health from the inside out: Initial and ongoing health assessments ensure horses are always at their best.
- Socialisation and rehabilitation: From individual yards and paddocks to larger group paddocks, we can provide the right environment for your horses' welfare. We have bespoke rehabilitation services, including physiotherapists, chiropractors, massage therapists, Pulsed electromagnetic field therapy (PEMF), farriers, and vets that all treat onsite at Hillview. We also have tailored programs for rehabilitation work.
- Dedicated professional support and on-site experts: A team of carers ensure round-the-clock care, with George Hunt, our farrier and the farrier at the Equine Podiatry and Lameness Centre, focusing on hoof health and leg conformation.
- Close proximity to veterinary hospitals: Quick access to Scone Equine and Hunter Valley Equine Hospitals for specialised care.
- Communication and visits: Regular updates for owners, ensuring you're informed about your horse's progress, including photos and videos with before and afters. We encourage visits to the farm to discuss your horse's health and care, by appointment.

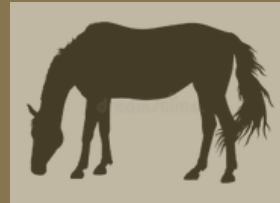

SERVICES

BREEDING

Strategically located in the heart of the breeding world for easy access to all major Hunter Valley stallions and world-class reproductive vets, we offer unparalleled broodmare care.

- **Tailored nutrition** to optimise health before covering and to support pregnant mares, and foal development.
- We use Equilumes to boost breeding success
- **Expert veterinary** and foaling support specialising in thoroughbred breeding care and artificial breeding.
- Comprehensive services including pre-service checks, pregnancy scans, and foaling assistance.
- Seamless breeding coordination with major Hunter Valley stallion farms to make sure your mare gets the **optimal time for walk-on covers**. We do all **walk on services**.
- **Experienced broodmare and foaling team** available around the clock. Foaling paddocks equipped with lighting and cameras for monitoring.

SPELLING

We develop individualized spelling plans that cover: injury rehabilitation, weight management, and specialised care (farrier, vet, chiropractic).

All our care is nutrition-focused. Every feed is hand-mixed with specific nutrition and supplements to promote gut health and recovery.

Our spelling facilities include;

- Variety of spaces: stables, yards, small paddocks, large and spacious paddocks, all with excellently maintained pastures.
- Safety first: Secure with electrified Duncan equine stallion rail fencing for ultimate safety.
- Tranquil environment: Our serene location provides essential mental rest and socialization opportunities, crucial for a horse's well-being.

PERFORMANCE

Equally as important is caring for current and future stars either thoroughbred young stock or performance horses we cover it all:

- Tailored nutrition for the growth of weanlings and yearlings and maintaining optimal wellbeing in performance horses
- Early training and education for all foals pre-weaning: Professional halter and leading training programs to establish easily trainable stock
- Expert handling: Our experienced team is dedicated to regularly handling and educating young stock, setting a foundation of trust and learnability.
- Health and confirmation: Regular inspections by experienced foal farriers and vets to ensure optimal health and confirmation.

WHO WE PARTNER WITH

Identifying the specialised knowledge needed to effectively treat and care for horses from nutrition, farrier or vet work, to breeding to injury management is paramount to us.

Our established network of preferred providers, esteemed leaders in their respective fields, encompass various expertise areas. In any instance, we are prepared by and use only the best.

TESTIMONIALS

INDIVIDUALISED CARE AND MANAGEMENT

“Can't recommend Vic and the Hillview team highly enough. Along with first class facilities, Vic and her team offer the very best care for your horse with incredible attention to detail, they get to know your horse well and treat them like their own with professional individualised care and management. A wonderful place to keep your horse and know that it will always be in capable and knowledgeable hands”

- Mrs. L Hunt

TRUSTWORTHY AND DEDICATED

“We cannot recommend Vic Bayley and the team at Hillview enough! With everything they've done for us our performance horses, our foals and our broodmares!

They made everything a breeze, we've had our fair share of vets calls this year and honestly every single treatment required they did it transport to and from vets for a mare of ours needing surgery, to a foal needing treatment due to pneumonia , the fostering of a foal we needed to do and so much more. What ever needed to be done for the safety and welfare of the horses it got done! with top notch custom nutrition for our performance geldings to our pregnant broodmares to our bucket buddy foals they have done it all and exemplary results.

I trust two farms with my horses, Hillview being one of them.”

- Mrs. K. Robinson-Williams

THOROUGHbred EXCELLENCE

“This boutique broodmare operation has continued to evolve into a showplace befitting of the industry standards set by the surrounding major studs in the area. The management skills displayed by Victoria Farr and her staff are again, consistent with the high standards expected of the leading industry nurseries neighbouring Hillview Equine. All areas of management and care are catered for at the highest level, from walk on mares to all studs, quality full or part time agistment, exceptional fencing catering for mares foals yearlings and spellers, complemented by weekly farrier services and 24-hour veterinary care from the world-renowned Scone Veterinary precinct. Their feeding program I believe is second to none, and is concentrated on the need for optimum and individual development for each animal under their care . I am constantly amazed by the work ethic of Victoria and her staff and the extent to which they go to in catering for each and every horse. I've no hesitation in recommending Victoria and her team of dedicated staff.”

- Mr. B Kirkby - Kirkby-Miller Holdings Pty Ltd.
